

**2017 / 2018**

## Professional Archery Lessons:

**Ages 8 – Adult** (Parents encouraged to enroll with students!)

**All archery equipment provided by instructor.**

Join us at Midland Industrial Plastics in Machesney Park or at Stronghold Center in Oregon for weekly, year-round, indoor, co-ed archery classes! Students will be introduced to range safety, proper shot execution, Target Archery and 3D Archery. Each class consists of part target practice and part game time using our skills. We will discuss Junior Olympics, the National Archery in the Schools Program and Scholastic 3D Archery.

**Instructor: Jeremy Oster** is a Level III (NTS) USA Archery Junior Olympic Coach, an Advanced Scholastic 3D Coach, and able to license School Teachers Grades 3-12 for competitive co-ed archery teams through S3DA and the National Archery in the Schools Program.

**Cost: Hononegah Archery** offers a 5 one-hour lesson punch-card for \$100. We don't want you to miss a session because of sickness or a family obligation! A portion of every student enrollment goes towards supporting Autism Research at the Waisman Center in Madison, Wisconsin!

**Open Registration:** Our punch-card system allows new students to enroll at any class! Punch cards may be used at both Midland and Stronghold classes!

**Download Registration Forms @
